The Health Sciences & Human Services Library supports the research, education, and clinical information needs of the University of Maryland, Baltimore health and human services professionals. This policy refers to the Library building, including the tower.

In order to ensure a scholarly environment for the Library’s primary clientele and to ensure the safety of any children visiting the Library, the following policy regarding children in the HS/HSL is in effect:

- Children ages 12 or younger, must be accompanied by an adult (at least 18 years old) at all times while in the Library. For safety reasons, unattended children will be taken to the Guard Desk to wait for a parent or guardian.
- Children, ages 12 or younger, are not allowed to use the computers or other electronic equipment.
- Parents will be asked to remove children who exhibit disruptive behavior.

*Failure to comply with these policies may result in the loss of library privileges for the day.*
